Empower yourself, a practice thrive on Patient Satisfaction

We Deliver Peace of Mind

Increased control

Better control over your medical billing process with the help of dedicated, trained workforce.

Boost revenues

Save time and money on salaries, office infrastructure, purchasing, maintaining and upgrading the whole setup

Much better safety

HIPPA Compliant and 100 % secure medical billing workflow ensures data security. Adherence to ICD 10

Always be in the loop

Stay up to date with rules and regulations of the continually changing medical billing world.

Reduce labour costs

Still spending 30-40% of your collections for In-house Medical billing expenses? It's time to think again!

Zero Capital Investment

No need for expensive billing software, staff, equipment, and office infrastructure.

Satisfied patients

We help you focus on your patients, not paperwork. Increased patient satisfaction level pumps in more business through word of mouth.

Access to our trained Staff

Our team takes care of your paperwork and ensure the follow-up process until you receive the full claim amount. Accurate claim filling reduces denials.

Practice Medicine Not Paperwork!

We make it a point to strongly uphold the Health Insurance Portability and Accountability Act by ensuring that we maintain strict quality service standards. This is a guarantee that we adhere to ISO 9001:2008 certification for service standards. Affiliated with the American Academy of Professional Coders (AAPC), we assure our clients of expertly-trained professional coders that are highly-competent in ensuring that all

Workflow That Works

1 Registration & Verification

During this stage of the workflow, patients provide personal data and insurance details to the provider. If a patient's insurance information has changed, it can impact benefits. We confirm coverage and co-pay information to reduce denials and rejected claims.

< 1/9 >

We help you care, we help you get paid faster with lesser denials and accurate claim filing. So that you can concentrate on What matters the most!

Learn How

Provider Service

Vanana Healthcare serves as a liaison between the payers and the providers. We eliminate delays and deliver fast, accurate service during every phase of the claims process, so you get paid sooner.

Read More

Payer Service

Insurance companies, employers, unions, government agencies and NGOs help pay for the cost of healthcare. Through efficient data entry, we provide correct information that keeps providers' businesses running smoothly, ensures client satisfaction, and prevents transactional delays.
